Description

The original Creative-Cables.

Some call them colourful textile cables, others fabric covered cables, whilst others still simply call them coloured cables. But really, for over 10 years their real name has been Creative-Cables.

Dedicated to anyone who loves warm colours and distinct contrast. this cable will fit perfectly into any vintage and industrial room, where the warmth of Golden Honey and the coldness of Anthracite will set a striking tone.

Our bicoloured round cables are available in cotton or rayon.

The new patterns that we're introducing unite warm, vivacious colours with neutral tones, that, with the natural finish of cotton, make these the perfect cables for modern settings that are rich in contrast.
