N° of cores:: 3x0.75

Description

The original Creative-Cables.

Some call them colourful textile cables, others fabric covered cables, whilst others still simply call them coloured cables. But really, for over 10 years their real name has been Creative-Cables.

The union between Stone Grey and Ocean gives this cable an elegant yet vivacious touch: we recommend it in colourful environments, like a cheerful beach house!

Our ZigZag pattern fabric covered cables have always been very popular thanks to the curious optical effect that they create, uniting the two colours they are comprised of.

We've combined these colours with cotton, to create new cables that will stimulate your creativity!
