## Cotton Melange Black Vertigo Textile Cable - The Original Creative-Cables - ERC37 round 2x0.75mm / 3x0.75mm

N° of cores:: 3x0.75

### Description

The original Creative-Cables.

Some call them colourful textile cables, others fabric covered cables, whilst others still simply call them coloured cables. But really, for over 10 years their real name has been Creative-Cables.

This unique, black mélangé cotton Vertigo braided lighting cable is available from a new collection of 40 exciting and inspiring new cables. The beguiling Italian designs on offer take their inspiration from the classic Hitchcock film, and namesake of this collection, Vertigo.

It is easy to imagine how these cables can be incorporated into the design of a room, pulling together the space with unique colours and patterns. These cables can be used to create any suspended, table and wall lamps and are ideal for creatives who love to play with unique colours and patterns.

Like all of our cables, this new Vertigo collection is just as soft, flexible and durable as the cables which we have become famous for. All our cables conform to UK and EU standards.

## Data Sheet
