Finish: Brushed titanium

Description

A cylindrical metal E27 lamp holder kit is used to assemble a wall, table or ceiling lamp. Metal is a durable material that can be placed in many environments, whatever their style: no matter if minimal, nordic, industrial or classic, you'll find the metallic finish that suits your needs!

This cylindrical metal E27 lamp holder kit is definitely right for you if:

- you prefer essential shapes
- you want to make the most of your light bulb
- you are in love with a particular metallic finish, like brass or copper

To configure and complement your cylindrical metal E27 lamp holder kit:

- use the menus to define the features
- watch the tutorial and learn how to mount the lamp holder
- complete your lighting installation with Creative-Cables components, accessories, light bulbs and flex

A creative tip for you: choose for this lamp holder a matching metal ceiling rose.
