Vintage aluminum E27 lamp holder kit

Finish: Black pearl

Description

A vintage aluminium E27 lamp holder kit is used to assemble a wall, table or ceiling lamp. Aluminium is a light, resistant and durable metal: when properly processed, it gets a special "worn" and vintage surface effect.

This vintage aluminum E27 lamp holder kit is definitely right for you if:

- you'd like to have a vintage lamp holder because you appreciate rétro and old fashioned details
- you want to make the most of your light bulb

To configure and complement your vintage aluminum E27 lamp holder kit:

- use the menus to define the features
- watch the tutorial and learn how to mount the lamp holder
- complete your lighting installation with Creative-Cables components, accessories, light bulbs and flex

A creative tip for you:

- choose for your vintage lamp holder a HD Optical cable from Vertigo collection.

WARNING: this lampholder is not suitable for lampshades whose fixing area is more than 5mm thick.
