Description

The original Creative-Cables.

Some call them colourful textile cables, others fabric covered cables, whilst others still simply call them coloured cables. But really, for over 10 years their real name has been Creative-Cables.

Our cotton electric cables enhance warm and pastel tones.

The Lollipop RX09 fabric cable allows you to obtain a more natural look that will blend into homey, vintage settings perfectly. Ideal for fans of a "shabby chic" yet refined look.

Creative-Cables' coloured electric cables are uniquely flexible, as they are made from a special PVC and are 100% Made in Italy.
