Description

The original Creative-Cables.

Some call them colourful textile cables, others fabric covered cables, whilst others still simply call them coloured cables. But really, for over 10 years their real name has been Creative-Cables.

Strong, aggressive colours for this cotton covered cable, where Fire Red mixes with Grey, making for a striking combination, perfect if your aim is to create an industrial or upcycling-inspired lamp!

Our ZigZag pattern fabric covered cables have always been very popular thanks to the curious optical effect that they create, uniting the two colours they are comprised of.

We've combined these colours with cotton, to create new cables that will stimulate your creativity!
