Cotton and Jute Tobacco Vertigo Textile Cable - The Original Creative-Cables - ERD21 round 2x0.75mm / 3x0.75mm

N° of cores:: 3x0.75

Description

The original Creative-Cables.

Some call them colourful textile cables, others fabric covered cables, whilst others still simply call them coloured cables. But really, for over 10 years their real name has been Creative-Cables.

This enthralling and natural tobacco jute and cotton covered braided lighting cable comes from our new and exciting Vertigo collection. This hypnotic and one of a kind collection took inspiration from the classic film of the same name with its mesmerising poster designs.

Ideal for trend-setting creatives, artists and those looking to make a bold statement with their interior design choices, this natural fabric covered flex allows you to create truly unique and exciting table lamps, suspended lights, pendants, and wall lights. Make bold choices with your designs with endless possibilities.

The Vertigo collection retains all of the features of our cables that we're known for worldwide. The natural fabric covered flex is flexible, strong and made to last. All our cables conform to UK and EU standards.
