Cotton and Linen Egnog Vertigo Textile Cable - The Original Creative-Cables - ERD22 round 2x0.75mm / 3x0.75mm

N° of cores:: 3x0.75

Description

The original Creative-Cables.

Some call them colourful textile cables, others fabric covered cables, whilst others still simply call them coloured cables. But really, for over 10 years their real name has been Creative-Cables.

This wonderful braided lighting cable with natural oat cotton jute and linen covering is part of our Vertigo collection. This unique collection is inspired by the classic Hitchcock thriller, starring James Stewart.

This is one for innovative creatives, artists and anyone else looking to make a bold statement with their interior design choices. The natural round fabric flex is perfect for adding something extra to your home. It's also ideal for creating your own truly unique and exciting pendant lighting and table lamps.

Like all our products, Vertigo wiring is made from very high-quality materials and conforms to all UK and EU standards.
