

Reference: MP4T1NE
EAN13: 9600000000715

German power strip without electrical cable, 4 earthed sockets, 16A 250V
3500W

Finish: Black

Description

The Creative-Cables power strip is not your usual multiple socket!
The 4 Schuko/10A sockets are placed diagonally in order to optimise the space occupied by bulky transformers.
The switch, provided with a luminous led, allows you to switch on and off all the connected appliances and save power.

Data Sheet

Power strip with 4 Schuko plugs 2P+T 250V 16A /European 2P 10A and two-pole switch with indicator light.
Maximum load: 3500W.
Material: Polypropylene.
