Adjustable metal joint

Finish: Chrome

Description

The adjustable metal joint is the ideal element to complete your DIY lamp with a little extra touch!

This accessory will allow your lamp to tilt up to 90° and rotate by 315°: this will make it possible to direct the light wherever you want according to your needs.

The perfect solution for enriching and making wall lamps more functional, our articulated pipe is available in different finishes: choose the one that best suits your project and complete your lamp.
